1 large orange; 175g self raising flour; 1 teaspoon baking powder; 175g soft tub margarine; 175g caster sugar; 3 eggs. For the filling: 4 tablespoons orange marmalade; half an orange; 100 g icing sugar

Method

Pre-heat the oven to 180° C/160° C fan/350° F/gas 4.

Grease and line the bases of two 20cm sandwich tins with non-stick baking paper.

Finely grate the zest from the orange and squeeze out 1 tablespoon of juice. Sift the flour and baking powder into a bowl and add the orange zest, juice and all the remaining cake ingredients. Beat until smooth, then divide between the tins and smooth level. Bake for 20 minutes or until each cake springs back when pressed in the centre. Cool in the tins for five minutes then transfer to a wire rack.

Sandwich the cakes together with the marmalade. Cut/pare long, thin threads of the zest from half an orange, then squeeze out the juice. Sift the icing sugar into a bowl and add enough juice to make a fairly runny icing. Add a little orange colour if desired. Smooth over the top of the cake, allowing some icing to drizzle down the sides. Scatter the zest over the top.
