Method

Preheat oven to 180°C/160°C fan/350°F/gas mark 4. Grease a 1 kg loaf tin and line with baking parchment. Rub the butter into the flour until it resembles fine breadcrumbs. Stir in the sugar and dried fruit. Mix together the baking powder, bicarbonate of soda and milk, and pour into the centre of the dry ingredients. Mix well together to give a dropping consistency, adding a little more milk if needed.

Spread one third of the mixture into the tin, then sprinkle with half the marzipan chunks. Add another third of the cake mixture and sprinkle with the remaining marzipan. Top with the remaining cake mixture. Bake for one hour or until well risen and just firm to the touch. Turn out to cool on a wire rack. Warm the marmalade with a little water in a small pan, and brush over the top of the teabread. Leave to cool completely.
